REMARKS

This is in response to the Office Action of 09/07/2006. It appears to applicant's attorney that the only requirement remaining in this application is the submission of a Supplemental Declaration for Reissue Patent Application to Correct Errors Statement (37 CFR 1.175).

The applicant submits that the foregoing completely addresses and responds to each of the examiner's rejections and objections. The applicant therefore requests that the examiner's objections and rejections be withdrawn and that the application be reissued.

Respectfully submitted,
